Dear Mr. Weisberg;

Do you have any more of your five books on JFK assasination to sell? Its been some months since the Top Secret Transcript. Are Agent Oswald and Post mortem available yet? I sure hope so! They are fascinating and important. Love the subject and in particular your handling and writing there in.

Much interest has been

stimulated in recent months on JFK ASSASINATION. MANY Front-Page ARTICLES ADVOCATING CONSPIRACY. Hope you recieve PLAUDETS you DESERVE During current TIDAL-WAVE of interest in This SUBJECT.

An enclosing NEWSPAPER clippings (only a small portion of recent AVALANCE of Them).

An Enclosing BOOK you MAY HAVETO keep. Legacy of Doubt Isn't nearly as good as whitewash I, II, III, IV BUT I

found it fascinating. Hope you can make sense of it. Perhaps you can scan it. If you really feel it important. Please, sir, if you find it. Orival I did not mean to insult your intelligence. But, it makes an apparent charge of the anti and right-wing fanatics for events in Dealey Plaza. It focuses attention on New Orleans and Ferrie. Tentatively and actively encourage you to look into it.
